## A STORY OF MARGARITA

This is the story of a woman who lives in the marketplace in Madagascar. Her name is Margarita and she is 60 years old and has 3 children. This woman was married, but her husband became very sick. Margarita did not have money for the hospital bills and sadly her husband died. After her husband died she was chased from the house which they were renting because she had no money. She decided to go to the market and live there with her children. When the rains came she had nothing to do but used the old plastic bags to make a house for herself and the children. Sometimes people give her boy 5 cents for helping them. He puts that money together and buys some

cups of rice for he and his mom. Queen, a Teen Missions staff member in Madagascar went with some interns to the market one day to buy charcoal for the Bible school. She asked Margarita, "Are you the one who is selling the charcoal?" and Margarita responded "No, I just want to help because the owner is not here right now." Margarita was standing in the small plastic house. Now Queen's heart was not at peace when she saw the woman, so she started asking her about where she lives and who stays with her. Margarita responded "I live in this house and I stay with one of my children." Queen looked inside the house and saw Margarita's son sleeping there. She then asked Margarita, "The space is so small how can you sleep in the same space with your son? Margarita responded "when it is time to sleep my son sleeps here where we keep containers and pots." Queen found it very hard to respond to her, but she asked God to give her the right words to speak to Margarita. After sharing with Margarita about Christ and the peace that comes from him and encouraging her she asked Margarita, "What do you expect from the Lord?" Margarita responded, "I want to be saved and have the eternal life in Jesus Christ's name and become a child of God!" Queen prayed with the woman to receive Jesus and then Queen prayed for her.
